Love-Europe - *Helping refugees find what they need most*

Love Europe's goal is to help refugees and newcomers in Europe find what they need most, both during their journey as well as when they settle. We want to connect refugees and newcomers with people in Europe who want to show their love and care for refugees.

Navigate, communicate and connect

The Love Europe app provides maps with important locations. Locations such as refugee camps, hospitals, police stations, public transport, grocery stores, and free Wi-Fi hotspots throughout Europe. In addition, the app contains a dictionary with basic terms in several languages, cultural information to help the refugees learn about their new country.

The Event-function facilitates in the challenge of the refugees' integration into their host society. The specific connection between the refugee and the European is powerful.

Help refugees find what they need most

The Event-section enables you to contribute in a simple way. Local activities for and with refugees can be published. The calendar informs refugees and newcomers about all initiatives. Think of activities such as language café, sports, meetings, cooking together, concerts for refugees, etc.

What can you offer to those who need it the most? Share your activities to invite them!

Since 2015, thousands of refugees are streaming into Europe every day. The refugees that come to Europe carry with them their most precious belongings. A smartphones is one of those! Their phones are the way they keep in touch with family back home. Or find family and friends when they've become separated as they move from refugee camps to other places.

HELPFUL LOCATIONS ALLOW PEOPLE TO SEE HOW TO GET AROUND

The next feature in the development of the app is to connect refugees at a personal level. It matches the need of the refugee with the offered help of a volunteer.

FAQ

For which country is the app available?

The app is available in Germany, Switzerland, France and the Netherlands. Greece and Sweden are preparing their app. Is your country is next? For more info: contact communications@love-europe.org

What does it cost?

The app is (and will remain) free to download for all users. Local initiatives can also be added for free. It is up to you to enrich the content!
